Grant of Rights

Page 1 of 6

Springer Nature-PER-2022-02

Author(s) request and the Rightsholder grants the non-exclusive right to use, reproduce, make available and distribute the Material in the Work and its Associated Works and in any "in context" advertising and promotion of the Work and its Associated Works, in each case in any present and future media and formats, in any languages, throughout the world for the full period of copyright including all periods of renewal, extension and revival of the copyright, including, without limitation, the right to grant any such rights to the Springer Nature group and its licensees and other publishers of the Work and its Associated Works ("Rights"). The Rights include, without limitation, the right to reproduce, publish, distribute, broadcast and disseminate the Contribution as featured in the Material in the Work and its Associated Works in any other product or service such as databases or data networks or search engines (commercial or otherwise), in print and electronic form (including offline and online use, push or pull technologies), the right to transmit, archive, store, publicly present the Contribution as featured in the Material in the Work and its Associated Works and to make it publicly accessible (specifically via the internet, including social media). It also includes the right to use the Contribution as featured in the Material in the Work and its Associated Works for display and storage on any and all stationary or portable end-user devices, e.g. text readers, audio-, video- or interactive devices, and for use in multimedia and/or interactive versions as well as for advertising and recruiting efforts.

Rights to edit

The Rights include the right to amend the Material for the purposes of colour correcting and other enhancements, rearranging, resizing or otherwise reformatting the Material in the Work and its Associated Works.

No obligation to publish

Nothing in this Permission shall obligate the publisher to publish or use the Material.

Open Access Licence

For Open Access Works only: At the selection of the Author, the Work and its Associated Works may be made available only or additionally as an open access product and therefore the Author(s) request and the Rightsholder grants to the Author(s), the right to, and to grant to Springer Nature, its licensees and other publishers, the right to publish the Contribution as featured in the Material in the Works and its Associated Works under a Creative Commons licence including the CCBY license (which includes an obligation for the correct attribution and credit of the Material, and allows others to copy, distribute, transmit and remix the Material provided that they comply with the attribution obligation).

Acknowledgement

The source, authorship and ownership of the Material shall be acknowledged in the Work as follows: "Reproduced from [work] by [author] with permission from [name of owner]"

Intellectual Property Rights

The Rightsholder confirms that:

- (a) (i) it is the sole owner of the Rights (subject only to (b) below); (ii) it is free to grant the Rights; (iii) use of the Rights shall not infringe the rights of any other person or be otherwise unlawful; and (iv) statements in the Material asserted as fact are true or based upon generally accepted professional research practices; and
- (b) it has obtained signed release(s) in respect of any third party rights including, without limitation, from any identifiable individuals featured in the Material, and shall supply copies of such release(s) to the Author(s) if requested.

General

For good and valuable consideration, the receipt and sufficiency of which is now acknowledged, the Rightsholder and the Author(s) have agreed to the legally binding terms above. No fee or other moneys shall be payable by Springer Nature, its licensees or other publishers.

This Permission contains all the terms and conditions relating to the Rights granted.

This Permission shall be subject to the applicable law set out below in respect of the Rightsholder's country of residence, and the Rightsholder and the Author(s) agree to submit to the corresponding jurisdiction as listed below.

Country of Residence	Applicable Law	Jurisdiction
United Kingdom	England and Wales	England and Wales
EEA	Federal Republic of Germany	Munich, Federal Republic of Germany
Switzerland	Switzerland	Courts of Zurich, Switzerland
Asia-Pacific (excluding Australia and New Zealand)	Singapore	Arbitration in Singapore administered by the Singapore International Arbitration Centre (SIAC) in accordance with the Arbitration Rules of SIAC for the time being in force. The language of the arbitration shall be English. The decision of the arbitrator shall be final and may be used as a basis for judgment in any country.
United States and Canada	State of New York, USA	New York, USA
Australia and New Zealand	State of Victoria, Australia or New Zealand, as applicable.	Courts of Melbourne, Australia or New Zealand, as applicable.
Any other country not expressly included in the above list	The governing law of the Author(s)'s publishing contract with Springer Nature. Insert the governing law from your publishing contract: Click here to enter text.	The jurisdiction of the Author(s)'s publishing contract with Springer Nature. Insert the jurisdiction from your publishing contract: Click here to enter text.

The Author and the Rightsholder agree to the above terms and conditions by signing and returning this Permission
