Title: Identification of competencies and professionalism of guidance and counseling teachers: a case study in Indonesia

Comments from Reviewer

Thank you for providing me the opportunity to review the manuscript titled “**Identification of competencies and professionalism of guidance and counseling teachers: a case study in Indonesia**” I really enjoyed reading this draft and would like to appreciate your work. Below, I provide my section-wise comments on this manuscript.

1. Abstract is comprehensive. Purpose of study is understandable and clear. However, please elaborate the research design of the study. Results of study are nicely presented. you should add here implications of study to improve the quality of your research work.
2. Introduction writing is fine. However, you need to identify research gap in existing literature also, support it with the study references that highlighted in as potential area of future research. It would add value to this investigation if theoretical significance is also highlighted in this section.
3. Literature review section is well described. Inclusion or recent research studies in literature review section is impressive.
4. Methodology presentation is substantial. Detailed explanation of research design is appreciable.
5. Analyses are appropriate for the study. Nonetheless, you should add proper discussion section. You should compare the findings of you study with other studies in detail.
6. APA style is recommended for paper formatting. Format all tables as per APA guidelines.
7. Study is concluded effectively. There is need to add implications, limitations of research work and recommend some directions for future research.

8. APA style is recommended for research paper. Therefore, you should format the references as per APA guidelines.

The overall writing is good. However, you should proofread the draft and make changes as recommended to make research more comprehensive. Incorporation of above mentioned comments will make your study publishable.

I wish you best of luck in your continued research endeavors.
